

Pay *less*, get **MORE**, vote for:

✓ Atif Nazir

✓ Venky Selvaganapathy

We are the **only** two candidates this year **openly committed** to **reducing** your maintenance fees for the 2008 budget – from \$189/month to **\$180/month**.

We have paid **too much** for the **poor level of service** we have received over the last several years. Things are finally improving, but we still have a long way to go!

We feel we can do better, even with lower fees, by exploring different ways of providing service. We are willing to do what it takes to hire service providers that care about their work and **care about our property**. We will save you money through longer-term thinking and **preventative maintenance**!

Dear Society Hill Homeowner,

We are dead serious about fee reduction - now and in the future. If you are too, the choice is obvious:

- ✓ Atif Nazir and
- ✓ Venky Selvaganapathy

If we are both elected, our votes on the Board will insure adequate support for the long-awaited maintenance fee reduction from \$189/month to \$180/month.

Please take a moment to vote this year. Remember there is a drawing for **one month's free maintenance**, so get your vote in by Friday, October 12th !

Sincerely,

Atif Nazir
Venky Selvaganapathy
